

Summary - a Perth Perspective

André's first visit to Australia was in 1983 when he did workshops for Sedenka in Sydney and for CIFDA in Canberra. From 1986 he came to Australia every year until 2018, with two visits in 2014.

His first visits to Perth were during his 1986 and 1988 trips. He was here again in 1995, 1996, 1999 and 2000 before a run of 10 years between 2002 and 2011.

He returned to Perth in 2013, then every year until 2018 when there were no workshops due to that Bali volcano, although we did learn his dances that year.

That was twenty-two year's worth!!

Over the years André brought **724** dances to Australia from **51 countries**. In Perth it was **294** dances; about 40% of the total.

In the following 'Dances by Country' are listed the number of 'Perth' dances compared with the total dances over the whole of Australia. The list of dances that follows contains all of the 724 dances that André brought to Australia - the 294 Perth dances are in bold and are underlined.

The dances from the 2019 programme as taught in Perth in October 2019 by Kaye Laurendet are included.
