

Perth International Dance
presents
André van de Plas
International Dance Workshops
Saturday 30th June and Sunday 1st July 2018

André van de Plas, International Folk Dance teacher and choreographer from the Netherlands, will be in Perth for one weekend at the end of June. He will conduct a series of workshops over the weekend. Attendance at all three sessions is highly recommended!

André is the source of many of Perth International Dance's most popular dances. From his extensive dance repertoire, André always selects dances that combine wonderful music with enchanting movements. André is an iconic dance teacher -- he teaches with warmth, skill and understanding. This is the only major workshop event planned for 2018 and it is highly recommended for all dancers. André's past visits have brought us folk dances from Israel, Romania, Bulgaria, Armenia, Greece, Turkey, the USA, the Netherlands, and many other countries.
